

Calgary Northside Soccer Fiore's Quest for Spain – Supporting Competition, Comradery and Culture

The 18 young women that make up Calgary Northside's Tier 1 Under-17 Girl's Fiore soccer team have accomplished a great deal in their soccer careers, from competing in city and provincial championships, to representing Calgary Northside in US showcase tournaments.

Many of the Fiore players have played along-side each-other for several years, and are thrilled to now have the opportunity to cap off their minor soccer careers, by traveling to San Sabastian Spain, to take part in the 2019 Donosti Cup. This tournament is truly international, with representation from 400-450 teams from across the globe. The Donosti cup provides a unique experience, with a large percentage of the games to be played on the training grounds of Real Sociedad, a football club in Spain's top professional league (La Liga).

The Fiore players have been relentless in the fundraising commitment to support their travel, through bottle-drives, volunteering at concession stands (at Flames and Roughnecks games and as street vendors), selling raffle tickets and participating in highway clean-up efforts with Alberta Transportation. They also seek your support:

On Saturday November 10th, 2018, from 6 PM to 11 PM, CNS Fiore is hosting a Silent Auction Gala and Funny Money Casino night at the Edgemont Community Centre. Guests will be treated to an Italian feast, catered by Distinctive Catering, entertained by acclaimed local comedian Brian Stollery, and can go "all-in" with funny money on the black jack table. Our guests will also have the opportunity to bid on "Fiore Snow Removal Services", offered by each of the players, and on a wide assortment of top-end silent auction gifts.

This is where you come in. Your contribution to this event in the form of a silent auction gift would be greatly appreciated, an example of the spirit and support shown by Calgary's corporate community. Your generosity will truly enable our group of energetic young women to learn and growth through international competition and travel, and represent the city of Calgary on a world-wide stage.

The CNS Fiore players are asking for your leadership and generosity in recognizing and rewarding a lifetime commitment and dedication to soccer and to each-other, efforts that will culminate in the Donosti cup experience. If you wish to be a part of the initiative, we ask that you review the attached sponsor sheet and contact either Coach David Chiu or Manager Lori Buccini.
